

Mondrixso

How does this work? Fill the grid entirely with horizontal and vertical **lines of ANY length**, in 3 colors. Lines of the **same color** don't touch!

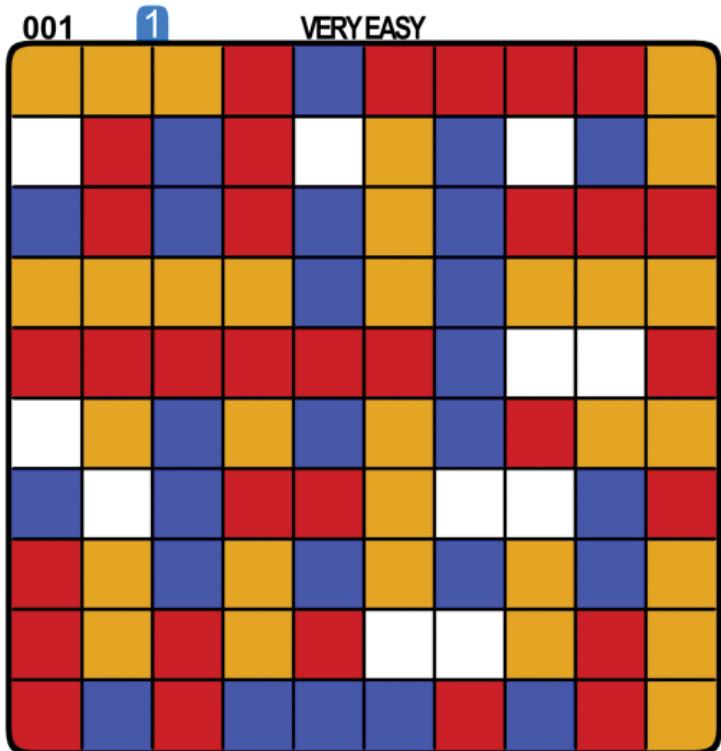

Ca fonctionne comment? Remplir la grille avec des **lignes** verticales et horizontales, de **n'importe quelle longueur, en 3 couleurs**. Les lignes d'une même couleur ne se touchent pas!

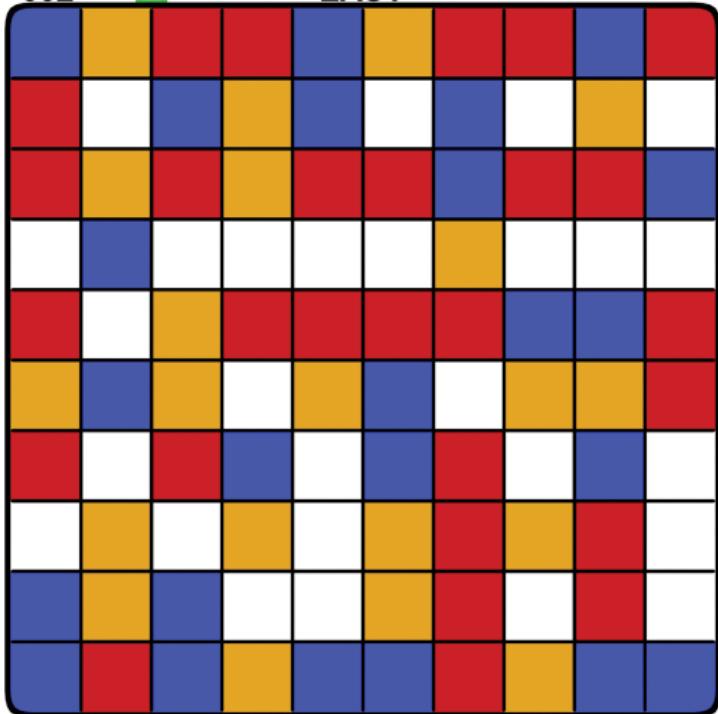

Hoe werkt het? Vul het rooster met **horizontale en verticale lijnen**, van **gelijk welke lengte**, in de 3 kleuren. Lijnen van **dezelfde kleur** raken niet!
